

PARTNER IN PEACE

HomeSafe of Robertson, Sumner and Wilson County believes that **WE CAN** create a community where domestic abuse is rare and that survivors feel that they have options and support to live a life for themselves and their children that is abuse free. But we can't do it alone.

We are asking that local businesses join us as **PARTNERS IN PEACE** toward this effort. Would your business like to be part of the solution? We invite you to partner with HomeSafe and with survivors as we move to make a real difference in addressing domestic abuse in our communities.

What being a **PARTNER IN PEACE** means:
Your business will support efforts to address the needs of survivors by any or all of the following:

- **Raising Awareness** about domestic abuse by posting signs and participating in awareness campaigns.
- **Educating your employees** about domestic abuse and resources available, reducing stigma and shame around this issue.
- **Donating goods or services** to a survivor through HomeSafe (making your donation tax deductible). This could be an ongoing campaign for your business or on an as needed basis.
- **Holding a fundraiser** for HomeSafe so that we continue to have flexible funds to meet the unique and individualized needs of survivors.

When survivors have real options, real change can happen and when real change happens we create communities that are safer, more prosperous and ready for the future. **WE CAN** make a difference together. Call today to find out more about how your business can become a **PARTNER IN PEACE**.
